Gentlemen:

SUBJECT: SAFEGUARDS REGULATORY EFFECTIVENESS REVIEW (RER)

In my letter of April 10, 1984, I informed you that a Safeguards Regulatory Effectiveness Review (RER) has been tentatively scheduled for September 10-14, 1984, at your Brunswick facility.

In view of the plant's expected status during that period, the Brunswick RER is being postponed. A new schedule will be arranged with members of your staff and Regional personnel at a later date.

Sincerely,

Richard C. Lewis, Director
Division of Reactor Projects
