Gentlemen:

SUBJECT: FIRE PROTECTION INSPECTION - MCGUIRE NUCLEAR STATION
DOCKET NOS. 50-369 AND 50-370

On July 26 - 27, 1984 representatives from NRC Region II, Auxiliary Systems Branch and Brookhaven National Laboratory, under contract with the NRC, met with representatives of your staff at the McGuire facility to discuss the special team fire protection inspection scheduled for McGuire. This inspection, originally scheduled for August 13 - 17, 1984, by our letter of April 6, 1984, has been re-scheduled for September 24 - 28, 1984.

The information and assistance provided by your staff to the inspection team during this visit is appreciated and will be beneficial in preparing for the inspection. Should you have any questions concerning this inspection, we will be glad to discuss them with you.

Sincerely,

Richard C. Lewis, Director
Division of Reactor Projects

cc: M. D. McIntosh, Plant Manager
C. F. York, Division Manager

bcc: NRC Resident Inspector
