Docket No. 50-289
(10 CFR 2.206)

Ellyn R. Weiss, Esq.
Harmon, Weiss & Jordan
20001 S Street, N.W., Suite 430
Washington, D.C. 20009

Dear Ms. Weiss:

This is in response to your petition of January 20, 1984, as supplemented on May 9, 1984 requesting that show cause or further enforcement proceedings be initiated, and the staff take certain actions, with respect to the Three Mile Island Nuclear Station, Unit 1 Emergency Feedwater System. For the reasons set forth in the enclosed "Director's Decision Under 10 CFR 2.206", DD-84- 22 , your request to initiate such proceedings is denied. As described in the decision, the staff has substantially satisfied the requests made in your supplemental petition seeking certification of the environmental qualification of EFW system components and initiation of an investigation by the NRC Office of Investigations. As requested by the Commission, the decision also provides the information you requested in your letter of February 13, 1984 addressed to the Commissioners.

A copy of this decision will be referred to the Secretary for the Commission's review in accordance with 10 CFR 2.206(c). I have also enclosed for your information a copy of the notice that is being filed with the Office of the Federal Register.

Sincerely,

"ORIGINAL SIGNED BY:"

Harold R. Denton, Director
Office of Nuclear Reactor Regulation

Enclosures:

1. Director's Decision
2. Federal Register Notice
3. Safety Evaluation

cc:
