Gentlemen:

SUBJECT: DOCKET NOS.: 50-250 AND 50-251

This acknowledges the receipt of your letter of May 4, 1984, which transmitted Revision 8 to the Turkey Point Physical Security Plan.

Our review of the changes has found portions of the changes to be consistent with the provisions of 10 CFR 50.54(p). Other portions are not consistent with the provisions of 10 CFR 50.54(p) as delineated in the enclosure to this letter. To preclude a violation of regulatory requirements, you must not continue to implement those changes deemed inconsistent. Please revert to the commitments in your previously approved plan or, if desired, modify your plan to accommodate the enclosed comments and resubmit corrected plan pages as necessary to maintain plan continuity. Should you want to pursue those changes deemed inconsistent, you must submit a request to the Commission, Office of Nuclear Reactor Regulation, under the provisions of 10 CFR 50.90 for amendment to your license.

The enclosure to your letter is being withheld from public disclosure because it contains Safeguards Information and must be protected in accordance with the provisions of 10 CFR Part 73.21.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,
