Re: In the Matter of Commonwealth Edison Company  
(Byron Nuclear Power Station, Units 1 and 2)  
Docket Nos. 50-454 and 50-455 *OL*

Gentlemen:

At the request of the Licensing Board, I had prepared an oral summary of the July 3, 1984 Telephone conference call in the expectation that it would be transcribed as a part of the July 5, 1984 conference call. As you know, that never occurred. Mr. Cassel restated his arguments for an extension of time, Mr. Lewis and I responded and the Board ruled. However, I do not believe the July 5 transcript will fully reproduce the positions of the parties that were set forth on July 3.

Enclosed is a memorandum which I believe is an accurate recitation of the substance of the July 3 conference call. I ask that it be bound into the transcript of the proceedings at some convenient time.

Yours truly,

Michael I. Miller
