Dear Mr. Goldberg:

Subject: Control of Heavy Loads - Phase I and II - NUREG-0612 - South Texas
Project Units 1 and 2

Enclosed are draft technical evaluation reports (TERs) for South Texas Project Units 1 and 2 which were developed based on the applicant's response to Section 5.1 of the December 22, 1980 generic letter on "Control of Heavy Loads," (Phase I and II). These draft TERs were prepared by EG&G Idaho, Inc. (EG&G) under a technical assistance contract to the NRC. I am forwarding copies of the draft TERs to you for your review and comment. We request further, that after a review period of about four weeks, a conference call be arranged to resolve open items listed in the draft TERs. A representative of EG&G Idaho will participate in the conference call.

Questions or additional information regarding this matter and specifically this letter, should be directed to the South Texas Project Manager, Mr. V. Nerses, (301-492-7238).

Sincerely,
