Proposed Change Request No. 86, Revision 3 to Operating License

Gentlemen:

Enclosed are:

1. Three (3) originals and thirty-seven (37) copies of an Application for Amendment to our Operating License No. DPR-66 to revise our previous submittal to address the NRC comments identified by letter dated March 13, 1984.
2. Forty (40) copies of documents designated Attachments A and B which set forth the change in Technical Specifications and its safety evaluation.

We have determined that an application fee is not required since this is a revision to an existing submittal for which a license fee was remitted.

Very truly yours,
