Attention: Document Control Desk  
Washington, DC 20555

South Texas Project  
Unit 2  
Docket No. STN 50-499  
Clarification to a Change of a Commitment  
Made to the Nuclear Regulatory Commission

Reference: Letter from T.H. Cloninger, South Texas Project to the Nuclear  
Regulatory Commission, dated August 7, 1995 (ST-HL-AE-5133)

The following statement was made in the referenced correspondence:

"Subsequent to the April 25th overspeed occurrence, Inconel stems were  
installed in Unit 1 and Unit 2. "

We wish to clarify this statement by noting that the Unit 1 Inconel stem was replaced during  
the fifth refueling outage which ended on April 14, 1995, and the Unit 2 stem was replaced  
after the April 25th overspeed occurrence. At the time of the Unit 2 overspeed occurrence,  
the Unit 1 Inconel stem was already installed.

If you have any questions please contact S. M. Head (512) 972-7136 or me at  
(512) 972-8787.

T. H. Cloninger
