MR. GUILD:

1           ~~MR. JOHNSON:~~ (inaudible) I have no problem  
2 with, with taking both of them up at the same time  
3 so long as the considerations underlying being ready to  
4 go on each one supports their, their readiness for  
5 hearing.

6           JUDGE KELLEY: Right.

MR. GUILD:

7           ~~MR. JOHNSON:~~ And..

8           JUDGE KELLEY: Right.

15 to be in a position to prepare on that subject as well,  
16 I would just state for the record that Sam Nunn remains  
17 in touch with us and expresses an interest in the  
18 subject of the Welder B matter and is desirous of, of  
19 being assistance to the Board and parties and in  
20 pursuing an investigation of that matter.

21           And the more information that we have, the  
22 more information, the more ability we'll have to be  
23 able to help to get to the bottom of this matter. We  
24 don't think it should be a matter that's solely  
25 relegated to staff and company pursuit, particularly
