Docket No. 50-54

Mr. James McGovern  
Business Manager of Radiochemicals  
Union Carbide Subsidiary B, Inc.  
P. O. Box 324  
Tuxedo, New York 10987

Dear Mr. McGovern:

Subject: Renewal of Facility Operating License No. R-81 for  
Union Carbide Subsidiary B, Inc.

The Nuclear Regulatory Commission has issued Amendment No. 21 to Facility Operating License No. R-81 for the Union Carbide Subsidiary B, Inc., 5 Mwt research reactor facility in response to your application dated May 23, 1980, as supplemented. This amended license renews the operating license through June 30, 2000.

In accordance with our practice, we have restated the license in its entirety, incorporating all the changes and amendments made since the issuance of the original license.

Enclosed with the amended license are copies of the Notice of Renewal of Facility Operating License that is being sent to the Federal Register for publication, the Notice of Final Finding of No Significant Environmental Impact, the Safety Evaluation Report (NUREG-1059), and the Environmental Assessment associated with the renewal.

Sincerely,

Original signed by  
Darrell G. Eisenhower, Director  
Division of Licensing
