FILE NO.: 10110

Dear Mr. Johnson,

On March 21, 1984 we verbally contacted your Mr. D. Hunnicutt of a deficiency in the diesel generator turbo charger thrust bearing lubrication.

We have completed our investigation and concluded that the matter is not reportable under 10CFR50.55(e). Records supporting this determination are available for your inspector's review at the CPSES site.

Very truly yours,
