Mr. John L. Bahnweg
Director, Bureau of Operations
Pennsylvania Emergency Management Agency
Box 3321
Harrisburg, Pennsylvania 17105-3321

Dear Mr. Bahnweg:

In response to your letter dated September 26, 1995, NRC will not be participating in exercise activities at the Pennsylvania Emergency Operations Center during the Limerick Generating Station Exercise on October 24, 1995. Limited resources and scheduling conflicts influenced this decision. I have spoken with Mr. Andy Simpson and provided this information to him via telephone.

NRC remains fully committed to supporting emergency response efforts in Pennsylvania and we look forward to participation in selected exercises in the future.

Sincerely,

A handwritten signature in cursive script that reads "David J. Chawaga".
