Subject: [External_Sender] Comments on KY IMPEP Draft Report

Hi Monica,

here are my comments on the KY IMPEP draft report:

3.1 b final paragraph

I wouldn't describe staff not fully qualified as interim qualified. Before working independently in any area or modality, they are completely qualified in that area. When we describe staff as fully qualified, we mean that they are qualified in all areas.

4.2 b second paragraph

One of the reviewers has a PhD

Our new Commissioner's name is Dr. Steven Stack, and his address is the same as the previous Commissioner.

I'll talk to you at the MRB.

Thanks.
