

OCT 12 1984

Docket No.: STN 50-454

Mr. Dennis L. Farrar
Director of Licensing
Commonwealth Edison Company
P. O. Box 767
Chicago, Illinois 60690

Dear Mr. Farrar:

Subject: Byron Station Unit 1 Technical Specifications

By letter dated August 27, 1984 we sent you the Byron 1 Technical Specifications in final draft form. Several replacement pages were sent with a September 19, 1984 letter to correct typographical errors and omissions and provide clarification. Your comments received to date have resulted in additional changes. As a result, we are enclosing a new version of the final draft for your review. Submit under oath or affirmation and as an amendment to your application, confirmation that the enclosed draft, or a revised draft incorporating any further changes you believe are necessary, accurately reflect the plant, the FSAR and the SER analyses.
