OFFICE OF SECRETARY
Docket Nos. 50-352, 0L
50-353 0L

NOTICE OF WITHDRAWAL OF OFFSITE EMERGENCY PLANNING ISSUE
COMMONWEALTH-1

On January 30, 1984, the Commonwealth of Pennsylvania filed two issues of concern with respect to offsite emergency planning for the Limerick facility. On March 5, 1984, the Commonwealth withdrew so-called "Commonwealth 2," which dealt with the adequacy of applicant's evacuation time estimate study. In its April 20, 1984 Special Prehearing Conference Order, the Board admitted in part the state's first issue of concern ("Commonwealth-1"). As admitted, Commonwealth-1 reads:

No operating license for the Limerick Generating Station, Units 1 and 2, should be authorized until arrangements are in place for procurement, and distribution to all offsite emergency workers identified in the state, county and municipal emergency plans as requiring dosimetry, of adequate numbers of self-reading (0-20R and 0-200R) dosimeters.

As proposed by the state, Commonwealth-1 included the issue of arrangements for permanent record dosimeters, or "TLDs". The Commonwealth filed a motion for reconsideration on April 30, 1984 asking the Board to admit Commonwealth-1 in its original form. In a memorandum and order dated June 4, 1984, the Board affirmed

its earlier ruling limiting the scope of Commonwealth-1 to self-reading dosimeters.

Applicant and the Commonwealth (through the Pennsylvania Emergency Management Agency (PEMA)) have since negotiated a settlement of Commonwealth-1. By written agreement dated September 6, 1984, applicant has agreed to fund the procurement of specified numbers of both TLDs and self-reading dosimeters which will be distributed to Limerick offsite emergency workers. PEMA has accordingly begun to procure dosimetry pursuant to the terms of the agreement.

The Commonwealth is satisfied that the afore-mentioned agreement sets in place the appropriate arrangements for dosimetry for offsite emergency workers. The Commonwealth therefore withdraws Commonwealth-1 from the instant proceeding.

Respectfully submitted,

Zori G. Ferkin
Assistant Counsel
Governor's Energy Council
