In the Matter of  
Commonwealth Edison Company  
(Braidwood Nuclear Power Station, Units 1 and 2)  
Docket Nos. 50-456 and 50-457 OL

OFFICE OF SECRETARY  
DOCKETING & SERVICE  
BRANCH

Dear Mr. Bock:

Reference is made to your request for listing of all attorneys not presently employed by the U.S. Nuclear Regulatory Commission but who once worked for the Commission and had direct or indirect responsibilities in regard to the Braidwood Nuclear Power Station. This is to advise that a search of our records reveals that during the hearing process for a Construction Permit for Braidwood in 1974 and 1975, Mr. Joseph Gallo was the Chief Hearing Counsel of this office. He had no direct responsibility in the Braidwood proceeding other than as a substitute for myself at the first prehearing conference. The Braidwood case, as any other in the Hearing Division, came under his general supervisory authority.

Sincerely,

Myron Karman  
Deputy Assistant Chief  
Hearing Counsel
