DOCKET NO. 50-267

Dear Mr. Johnson:

In a recent telephone conversation between Mr. Phil Wagner, NRC Region IV, and Mr. M. H. Holmes, PSC, Mr. Wagner requested that PSC submit a more detailed basis to the proposed Technical Specification Surveillance SR 5.3.12 - Steam Generator Tube Leaks Surveillance. Attached is a revised SR 5.3.12 which provides a more detailed basis for the proposed Technical Specification SR 5.3.12. The proposed SR 5.3.12 remains unchanged except for correction of a typographical error. This submittal supercedes Reference 1.

The application fee of \$150.00, in accordance with 10 CFR 170, was enclosed with the original submittal of SR 5.3.12, Reference 1.

If you have any questions, please contact Mr. M. H. Holmes at (303) 571-8409.

Very truly yours,
