Docket Nos. 50-275 OL  
50-323 OL

ORDER

On July 27, 1984, the applicant filed an answer to the joint intervenors' July 16 motion to reopen the record on seismic issues. In its answer, the applicant argues, inter alia, that we do not have jurisdiction to entertain the reopening motion. Because the joint intervenors' filing does not address this issue, they shall file a reply speaking to the jurisdictional question. Should the NRC staff raise the jurisdictional issue in its answer to the reopening motion, the joint intervenors shall also address the staff's arguments in its reply. The reply shall be filed within ten days after service of the staff's answer.

It is so ORDERED.
