Gentlemen:

This refers to the inspection conducted by Ms. C. Abigail Evans of this office during the period April 30-May 4, 1984, of activities authorized by NRC Construction Permit CPPR-103 for Waterford-3 Steam Electric Station, and to the discussion of our findings with you and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included initial implementation of the security program and implementing procedures and access controls. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. These findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

The material enclosed herewith contains Safeguards Information as defined by 10 CFR 73.21 and its disclosure to unauthorized individuals is prohibited by Section 147 of the Atomic Energy Act of 1954, as amended. Therefore, the material, with the exception of the report cover page which is an inspection summary, will not be placed in the Public Document Room.
