SUBJECT: PROJECT DIRECTORATE I-1 LICENSEE COUNTERPART MEETING

Dear Mr. Denton:

Project Directorate I-1 (PDI-1) is planning to host a Licensee Counterpart meeting on November 15, 1995, at the NRC Headquarters. Unlike the annual NRC Regulatory Information Conference, this is a smaller, more informal meeting aimed at engaging all participants in discussions of common interest. Only licensees common to PDI-1 will be attending, so there will be ample opportunity for information exchange. Representatives from Region I and NRR technical staff and management will attend, as well as the Project Managers and staff from PDI-1. Based on earlier feedback from the PDI-1 licensees, we have arranged for the following subjects to be discussed: License Renewal, NOEDs, Technical Specification submittals, generic letters, and various other subjects. Please come prepared to share your questions and/or experiences in these areas. Enclosed is a tentative Agenda.

Please advise this office of your interest in such a meeting and the approximate number who would attend from your company. Contact Ms. Karen Cotton (301-415-1438) to express your interest or for additional information.

Sincerely,
