North Atlantic Energy Service Corporation
P. O. Box 300
Seabrook, New Hampshire 03874

Dear Mr. Carlsen:

On October 3, 1995, the NRC administered a generic fundamentals examination (GFE) section of the written operator licensing examination to an employee of your facility. Enclosed with this letter are copies of both forms of the examination, including answer keys, the grading results for your facility, and a copy of the individual answer sheet for your employee. One individual was administered the examination and passed the examination. Please forward the results to the individual along with the copies of his answer sheet. A "P" in the column labeled RESULTS indicates a passing grade of 80 percent or better on the GFE. Those individuals having an "F" in the RESULTS column failed the examination.

If you have any questions concerning this examination, please contact Mr. Ivan Kingsley at 203-442-4355, Ext. 451.

Sincerely,

Michael C. Modes, Acting Chief
