South Texas Project Electric Generating Station
Units 1 & 2
Docket No. STN 50-498 and STN 50-499
Request For Time Extension For Response To Violations

Dear Mr. Beach:

HL&P requests that the due date for the responses to the violations identified in Inspection Report 91-21 be extended for two weeks, from December 5, 1991 to December 19, 1991. This extension will allow HL&P management to properly attend to completing the Unit 2 refueling outage and allow for observing the Thanksgiving holidays. Granting of the requested extension will provide adequate time for developing the HL&P position.

If you have any questions, please call me at (512) 972-7205.
