Dear Mr. Eddleman:

Your contentions 215 and 224 concern the Evacuation Time Estimates for the Plume Exposure Pathway Emergency Planning Zone dated October 1983 and prepared by HMM Associates, Inc. The Staff's review in this area is conducted by its consultant, Dr. Thomas Urbanik of the Texas Transportation Institute. Dr. Urbanik will not be available until August 13 to respond to your recent interrogatories. Yesterday you and I agreed, and the Board approved, that you will have both of your rounds of discovery upon contention 215 and 224.

Sincerely,
