In the Matter of
PHILADELPHIA ELECTRIC COMPANY
(Limerick Generating Station, Units 1 and 2)
Docket Nos. 50-352 and 50-353

Dear Administrative Judges:

Counsel for the NRC staff has determined that some of the copies of "NRC Staff's Proposed Corrections of Transcript For Hearings on LEA's DES Contentions And CITY Contentions 13, 14 and 15" may not have been signed and dated on page 11, although as indicated on the certificate of service, copies were in fact served on all parties and the Board on August 6, 1984. In order to eliminate any potential confusion the Staff hereby submits a dated and signed copy of page 11 of this pleading. Staff requests the parties to substitute this page in the event they have received an unsigned and undated copy.

Sincerely,

Benjamin H. Vogler
Counsel for NRC Staff
