MANAGEMENT ANALYSIS COMPANY ASSESSMENT OF QUALITY ASSURANCE PROGRAM  
FILE: 18.11 UFI: 73\*03\*30\*01 SERIAL: 12715

As promised, enclosed is a copy of the Management Analysis Company's Report of their assessment of the Midland Project Quality Assurance Program. The assessment was performed during March and April 1981 and was undertaken as a direct response to your suggestion of an expanded external review.

We regard the findings in this report as an endorsement of the Midland Quality Assurance Program; and we hope that the report will help you and others in Region III and in the Quality Assurance Branch of the NRR to ultimately make similar findings regarding the Midland Project's suitability for an operating license.

Additional copies of the Management Analysis Company Report will be sent to Region III as soon as possible.
