SUBJECT: BYRON NUCLEAR POWER STATION SECURITY PLAN (REVISION 43)

Dear Ms. Johnson:

This letter acknowledges receipt of your letter dated September 8, 1995, which transmitted changes identified as Revision 43 to the Byron Nuclear Power Station Security Plan, submitted under the provisions of 10 CFR 50.54(p).

We have reviewed the submitted changes and have determined they are consistent with the provisions of 10 CFR 50.54(p) and are therefore acceptable. In addition, our review of your submittal shows Figure 6.1, "Gatehouse," lacked clarity in fully depicting your protected area boundary. We request in your next 10 CFR 50.54(p) submittal you clarify and identify the location of your protected area boundary in Figure 6.1. This issue was discussed with your Station Security Administrator on October 31, 1995.

The enclosure to your letter concerns a subject matter which is exempt from public disclosure in accordance with 10 CFR 73.21 and is therefore being withheld from public disclosure.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter will be placed in the NRC Public Document Room.

Sincerely,

James R. Creed, Chief
Plant Support Branch 1
