October 31, 1995

University of Florida ATTN: Dr. W. G. Vernetson Director of Nuclear Facilities 202 Nuclear Sciences Center Gainesville, FL 32611

SUBJECT: NEW REGION II ORGANIZATIONAL CHARTS

Dear Dr. Vernetson:

As part of the NRC initiatives to increase efficiency, increase span of control, and more effectively regulate the nuclear industry, Region II reorganized effective October 15, 1995. The management of the inspection program associate with non-power reactors is within the Fuel Facility Branch. Enclosed are revised Region II organization charts reflecting this change.

Should you have any questions, please contact me at (404) 331-5547.

Sincerely,

Edward J. McAlpine, Chief Fuel Facilities Branch Division of Nuclear Materials Safety

DIVISION OF NUCLEAR MATERIALS SAFETY

B. MALLETT, DIRECTOR D. COLLINS, DEPUTY DIRECTOR

Technical Assistant T. Decker

The Technical Assistant directly support Division management through completion or coordination of special projects; conduct of self-assessment functions; review of allegation close-out packages for completeness, and tracking of response to assigned action items.

The Division of Nuclear Materials Safety is responsible for inspection and technical evaluation of all NRC regulated areas associated with nuclear materials licensees and fuel facilities in Region II. The Division issues specified categories of materials licenses for Region II. The Division is responsible for project management activities for fuel facilities, independent Spent Fuel Storage installations at power reactor facilities in Region II and oversight of all decommissioning activities in the Region. The Division has responsibility for the Region II Agreement State Program and acts as the focal point for coordination with NMSS Headquarters. The Division fully supports and participates in the Region II Incident Response Program. The Division Director reports to the Regional Administrator.

Agreement State Program Officer R. Woodruff

The Agreement State Program Officer administers the Agreement State Program oversight in Region II. This includes the review of materials safety programs in the Agreement States in Region II, coordinating safety issues and review of operational events occurring in Agreement States in Region II. The Officer also serves as the principal contact for the Program with Agreement States and coordinates and participates in technical assistance and training for Agreement State personnel. The Agreement State Program Officer reports to the Division Director.

FUEL FACILITIES BRANCH E. McAlpine, Chief

The Fuel Facilities Branch performs inspections and evaluations of all Region II fuel facilities. The Branch conducts inspections at fuel facilities including the resident inspector program at one Category I fuel facility and routine inspections at all facilities in the areas of operational safety, radiation safety, emergency preparedness, physical security and nuclear criticality safety. The Branch implements the Enforcement Policy in connection with findings for fuel facilities. The Branch provides the regional project management oversight for fuel facilities and independent Spent Fuel Storage Installations at power reactor facilities in Region II. The Branch acts as a focal point for coordination with NMSS Headquarters in the fuel facility area and supports the Region II Incident Response program in this area. The Branch provides Regional support for NMSS guidance/development in the fuel facility area. The Branch Chief reports to the Division Director.

MATERIAL LICENSING/INSPECTION BRANCH 1

C. Hosey, Chief

The Materials inspection/Licensing Branch 1 performs technical and safety reviews of issues and operational events of floensed materials (medical, academic, R&D and Industrial) in selected States or territories in Region II, the U.S. Navy Master Meterials I loomse and non-Federal facilities in Region II. The Branch conducts routine and reactive inspections for all types of Boensed materials users in the surisdictions indicated. The Branch implements the Enforcement Policy in connection with Inspection findings. The Branch performs the technical review and Issuance of materials floensing actions, including by-product, source and some nuclear material used in medical, industrial, and academic activities in the jurisdictions indicated. The Branch has the project management activities associated with the U.S. Navy Master Materials License. The Branch oversees the scending assistant for Materials Inspection/Licensing Branches 1 and 2. The Branch backs up the Scensing assistant in maintaining the NRC official docket files. The Branch supports the Region II incident response in the materials area. The Branch oxordinates Regional input into NASS program guidanos/development in the meterials area. The Branch Chief reports to the Division Director.

MATERIALS LICENSING/INSPECTION BRANCH 2 J. Potter, Chief

The Materials Inspection/Licensing Branch 2 performs technical and safety reviews of issues and operational events related to all uses of licensed materials (medical, academic, R&D, and Industrial) in NRC jurisdiction in Region II Agreement States, Federal licensees, selected States and territories in Region II, and the Barnwoll Low Level Waste Site. The Branch conducts routine and reactive inspections for all typus of ficensed metertals users in the jurisdictions. Indicated. The Branch Implements the Enforcement Policy in connection with inspection findings. The Branch exercises oversight of the Regional reciprocity filing and tracking system. The Branch performs the technical review and Issuance of materials Scenaing actions, including by-product, source and some special nuclear material used in medical, industrial, and sourcemic softwises in the jurisdictions Indicated. The Branch oversees the coordination of the materials license terminated altes program for Region II. The Branch backs up the floorising assistant in maintaining the NRC official docket flee for the materials flee. The Branch coordinates Regional Input Into NMSS program guidance/ development in the materials area. The Branch Chief reports to the Division Director.

DIVISION OF RESOURCE MANAGEMENT AND ADMINISTRATION

G BENOIT, DIRECTOR

Manages all administrative functions in the Region, including planning, coordinating, directing, and administering the financial, human, and property resources of the Region.

HUMAN RESOURCES STAFF

A. Harper, Regional Personnel Officer

Performs recruitment, training, position evaluation, appointment of consultants, labor relations, time and attendance reporting, and equal employment opportunity administration.

RESOURCES MANAGEMENT BRANCH J. Lankford, Chief

Performs budgeting, accounting, management analysis, travel, contract administration, purchasing, procurement of goods and services, and Regional Imprest fund administration. Performs facility management functions, security, property management, and space planning.

INFORMATION RESOURCES BRANCH J. Coleman, Acting Chief

Provides regional information support services, including computer operations, telecommunications, mell, and records/file management including FOIA. Computer services include application/system development, end user support, LAN administration, integration of headquarters and regional systems, office automation and equipment and software analysis. Telecommunications include both voice and data communication.
