Transmittal
Church Rock Well Location Database

Dear Virginia:

Enclosed are the following data that you requested for United Nuclear Corporation's Church Rock site:

- Electronic file in ASCII tab-delimited text format containing northing and easting for all wells in the United Nuclear database (WELL_LOC.TXT).

Coordinates for Wells GW5, GW6 and GWD2 are included in the database. However, these wells were all destroyed during construction of a dam in 1979.

Please contact Todd Ramsden, Assistant Project Scientist, or me at (303) 790-1747 if you have any questions regarding the data provided.

Very truly yours,

Suzie du Pont
