Dallas, Texas 75201

Gentlemen:

SUBJECT: ACCEPTANCE OF CHANGES TO THE OPERATIONAL QUALITY ASSURANCE PROGRAM  
FOR COMANCHE PEAK STEAM ELECTRIC STATION (CPSES)

We have reviewed the change of your quality assurance (QA) program description for CPSES Unit 1 submitted by your letter TXX-92064, dated March 3, 1992. We agree that the change is a reduction in commitments, however, the reduction in commitments is not significant. We understand that the Nuclear Overview Department nontechnical reviews of ONE Forms (i.e., paragraph 6.6 of STA-422) is being eliminated and not the technical reviews of significant nonconformances such as plant incident type ONE Forms. We find that the change to your QA program, Section 17.2 of the Final Safety Analysis Report, meets the requirements of 10 CFR Part 50, Appendix B and is acceptable.

Any questions you may have concerning this review should be directed to Mr. Ian Barnes of our staff.

Sincerely,

*IS/*

A. Bill Beach, Director  
Division of Reactor Projects
