Gentlemen:

This refers to the inspection conducted by Mr. J. R. Boardman of this office during the period March 26-29, 1984, of activities authorized by NRC Operating Licenses DPR-51 and NPF-6 for Arkansas Nuclear One, Units 1 and 2, and to the discussion of our findings with Mr. J. M. Levine, and other members of your staff at the conclusion of the inspection.

The area examined during the inspection was the Arkansas Nuclear One maintenance program. Within this area, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. The findings are documented in the enclosed inspection report.

During this inspection, it was found that certain of your activities were in violation of NRC requirements. Consequently, you are required to respond to these violations, in writing, in accordance with the provisions of Section 2.201 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Your response should be based on the specifics contained in the Notice of Violation enclosed with this letter.

One unresolved item is identified in paragraph 2 of the enclosed inspection report. Since it appears to be closely related to the enclosed Notices of Violation, it is requested that your responses to the enclosed Notice of Violation be broad enough in scope to address the issues raised by the unresolved item.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosures will be placed in the NRC Public Document Room unless you notify this office, by telephone, within 10 days of the date of this letter, and submit written application to withhold information contained therein within 30 days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
