SUBJECT: 1995 EMERGENCY PREPAREDNESS EXERCISE SCENARIO

This letter acknowledges receipt of your October 18, 1995, letter which forwarded the scenario for the Comanche Peak Steam Electric Station emergency preparedness exercise scheduled for December 6, 1995.

We reviewed the scenario and concluded that it appeared appropriate to meet emergency plan requirements and the agreed upon onsite exercise objectives; however, we noted that supporting inplant radiological data was not supplied with the scenario. Ms. Gail Good of my staff discussed the results of our review with Mr. Norman Hood on October 31, 1995. Your staff provided satisfactory answers to our questions and agreed to supply us with the radiological data when it is completed.

We contacted the Federal Emergency Management Agency, Region VI, during our review. Ms. Brenda Mosley stated that the scenario was still under review.

Should you have any questions concerning this letter, please contact Ms. Good at (817) 860-8215.

Sincerely,

Jan Barros
