Gentlemen:

VIRGINIA ELECTRIC AND POWER COMPANY
SURRY POWER STATION UNITS 1 AND 2
INDEPENDENT SPENT FUEL STORAGE INSTALLATION
PHYSICAL SECURITY PLAN - REVISION 30

Pursuant to 10 CFR 50.54(p), Virginia Electric and Power Company hereby submits the enclosed clarifications to the Surry Power Station Physical Security Plan. The changes address installation of a hand geometry biometrics system in order to enhance control of personnel access into the protected area. In a letter dated August 11, 1994, the NRC granted an exemption which permits access control utilizing the hand geometry system such that picture badges and access control cards can be taken offsite.

The material enclosed herewith contains Safeguards Information as defined by 10 CFR 73.21 and its disclosure to unauthorized individuals is prohibited by Section 147 of the Atomic Energy Act of 1954, as amended.

Very truly yours,

James P. O'Hanlon
Senior Vice President - Nuclear
