

March 20, 1992

Docket No. 50-440

Mr. Michael D. Lyster, Vice President
Nuclear - Perry
The Cleveland Electric Illuminating
Company
10 Center Road
Perry, Ohio 44081

Dear Mr. Lyster:

The U.S. Nuclear Regulatory Commission (NRC) has reviewed the Emergency Response Data System (ERDS) implementation plan which you submitted in a letter dated October 22, 1991. Based upon this review, the NRC has found that your implementation plan provides the basis for an acceptable implementation of ERDS at your facility.

Be advised that the testing phase of ERDS implementation involves all licensees testing with the NRC contractor, Halliburton NUS Environmental Corporation. Since the contractor does not have unlimited resources for testing multiple ERDS links simultaneously, close coordination with the Halliburton NUS personnel in scheduling your ERDS testing will be a key element in the successful completion of ERDS implementation. The project manager at Halliburton NUS is Mr. Tony LaRosa, and he may be reached at (208) 524-9227.

If you have any questions or problems in implementing the ERDS program, please contact Mr. John Jolicoeur, the NRC ERDS project manager, at (301) 492-4155 or Mr. James R. Hall, at (301) 504-3063.

Sincerely,

/s/

James R. Hall, Sr. Project Manager
Project Directorate III-3
Division of Reactor Projects III/IV/V
Office of Nuclear Reactor Regulation
