Gentlemen:

This refers to the inspection conducted under the Resident Inspection Program by Mr. J. E. Cummins and others of this office during the period March 20, 1984, through May 18, 1984, of activities authorized by NRC Construction Permits CPPR-125 and CPPR-126 for the Comanche Peak facility, Units 1 and 2, and to the discussion of our findings with Mr. J. T. Merritt and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included plant status, action on previous findings, 10 CFR Part 50.55(e) report followup, allegation followup (Unit 1), Inspection and Enforcement Bulletin followup, preservice inspection (Unit 1), and plant tours. Within these areas, the inspection consisted of selected examination of procedures and representative records, interviews with personnel, and observations by the inspectors. The inspection findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within 10 days of the date of this letter, and submit written application to withhold information contained therein within 30 days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
