Burlington, Kansas 66839

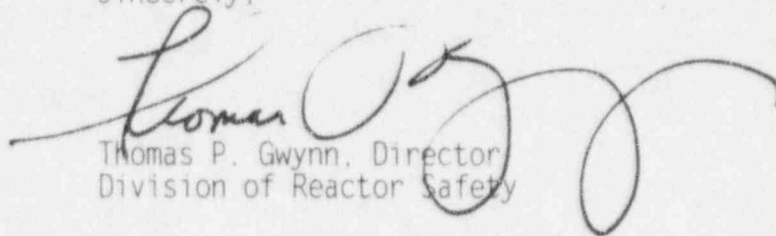

SUBJECT: CHANGES TO THE WOLF CREEK GENERATING STATION RADIOLOGICAL EMERGENCY  
RESPONSE PLAN AND PROCEDURES

We have reviewed your letters dated May 12 and August 16, 1995, and the enclosed Revisions 44 and 45, respectively, to the Wolf Creek Generating Station Radiological Emergency Response Plan. Corresponding changes to Emergency Plan Procedure EPP 01-2.1, "Emergency Classification," (Revision 15) and associated forms/bases document were also reviewed with the plan revisions. The revisions were submitted pursuant to 10 CFR 50.54(q) and incorporated changes to emergency action levels.

Based on our review, we determined that the changes are acceptable and do not appear to degrade the effectiveness of your emergency planning at the Wolf Creek Generating Station. The results of our review were discussed with Mr. James Weeks of your staff on November 14, 1995. Mr. Weeks agreed to review one minor inconsistency between the emergency plan and the corresponding procedure form.

Should you have any questions concerning this letter, please contact Ms. Gail M. Good of my staff at (817) 860-8215.

Sincerely,

Thomas P. Gwynn, Director  
Division of Reactor Safety
