Dear ~~Mr. Gardner~~

The NRC has issued the attached Demand for Information (DFI) to Nebraska Public Power District (licensee) related to actions taken by the licensee and the Station Operations Review Committee (SORC) during a 1993 outage at the Cooper Nuclear Station. Since the DFI is directed toward actions in which you appear to have been involved, we are providing the DFI for your information and use and inviting you to provide a response if you desire. You are not required to respond but, if you wish to provide a response, you should submit it in the timeframe and in accordance with the instructions contained in the DFI.

Sincerely,

Joseph R. Gray
