# LICENSEE'S FIRST SET OF INTERROGATORIES AND FIRST REQUEST FOR PRODUCTION OF DOCUMENTS TO TMIA

Pursuant to 10 C.F.R. §§ 2.740b and 2.741 and to the Atomic Safety and Licensing Board's "Memorandum and Order Following Prehearing Conference" of July 9, 1984, Licensee hereby requests that intervenor Three Mile Island Alert (TMIA) answer separately and fully in writing, and under oath or affirmation, each of the following interrogatories, and produce and permit inspection and copying of the original or best copy of all documents identified in the responses to these interrogatories. Licensee makes this request of TMIA in its capacity as a lead intervenor on the issue of training. Licensee has tried to limit its interrogatories of TMIA to those areas of training in which TMIA has asserted an interest. Licensee assumes that TMIA's response will reflect the collective knowledge of any intervenor who has an interest in, or desires to participate, in the areas of training in which TMIA intends to assume lead

intervenor responsibilities. If Licensee is incorrect in its assumption, TMIA should promptly inform Licensee so that appropriate discovery requests can be provided to other intervenors as well.

Licensee's interrogatories are intended to be continuing in nature, and the answers should promptly be supplemented or amended as appropriate, pursuant to 10 C.F.R. § 2.740(e), should TMIA or any individual acting on its behalf obtain any new or differing responsive information. The request for production of documents is also continuing in nature and TMIA must produce immediately any additional documents it, or any individual acting on its behalf, obtains which are responsive to the request, in accordance with the provisions of 10 C.F.R. § 2.740(e).

As used hereinafter, "document(s)" mean all writings and records of every type in the possession, control or custody of TMIA or any individual acting on its behalf, including, but not limited to, memoranda, correspondence, bulletins, minutes, notes, speeches, articles, transcripts, testimony, voice recordings and all other writings or recordings of any kind; "document(s)" shall also mean copies of documents even though the originals thereof are not in the possession, custody, or control of TMIA. Where identification of a document is requested, briefly describe the document (e.g., book, letter, memorandum) and provide the following information, as applicable: document name, title, number, author, date of publication

and publisher, addressee, date written or approved, and the name and address of the person or persons having possession of the document. Also identify the <u>specific</u> portion or portions of the document (<u>i.e.</u>, pages) upon which TMIA relies.
