Docket Nos. STN 50-498; STN 50-499
Physical Security Plan, Revision 3A

Pursuant to 10CFR50.54 (p) (2), South Texas Project submits the following regarding the Physical Security Plan Revision 3A.

- 1) List of Changes
- 2) Physical Security Plan, Revision 3A
- 3) Temporary Addendum Three

Temporary Addendum Three supersedes previously submitted Addenda One and Two (ref. ST-HL-AE-5157, dated October 9, 1995). Temporary Addendum Three describes measures taken during construction activities associated with the vehicle barrier and intrusion detection system upgrade projects. South Texas Project will notify the Nuclear Regulatory Commission when the temporary changes described are returned to the requirements of our Physical Security Plan. The notification will serve to rescind the respective Physical Security Plan Temporary Addendum Three.

Temporary Addendum Three is being submitted in accordance with section 10.4 of the Physical Security Plan. None of the changes described in the Physical Security Plan Revision 3A or Temporary Addendum Three represent a lessening of security effectiveness.
