SUBJECT: CHANGES TO THE COOPER NUCLEAR STATION EMERGENCY PLAN AND
CLASSIFICATION PROCEDURE

We have reviewed your letters dated June 23 and July 7, 1995, and the enclosed changes to the Cooper Nuclear Station Emergency Plan and Emergency Plan Implementing Procedure 5.7.1, "Emergency Classification." Revision 30 to the emergency plan was submitted in accordance with 10 CFR 50.54(q) and incorporated corrections identified during our May 8, 1995, review of proposed Revision 30. Revision 21 to Emergency Plan Implementing Procedure 5.7.1 was submitted in accordance with 10 CFR 50, Appendix E, Section V, and incorporated the emergency action level changes included in Revision 30 to the emergency plan.

Based on our review, we determined that the changes are acceptable and do not appear to degrade the effectiveness of your emergency planning at Cooper Nuclear Station. We discussed the preliminary results of our review with Mr. Bradley Houston on November 22, 1995. Mr. Houston agreed to make four changes to the in-progress revision to Emergency Plan Implementing Procedure 5.7.1.

Should you have any questions concerning this letter, please contact Ms. Gail M. Good of my staff at (817) 860-8215.

Sincerely,

Thomas P. Gwyn, Director
Division of Reactor Safety
