Gentlemen:

We have received a copy of your application dated January 21, 1983, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application requested an extension of the construction completion dates for CPPR-150 and CPPR-151 for the Hartsville Nuclear Plant Unit Nos. A1 and A2 and for CPPR-172 and CPPR-173 for the Yellow Creek Nuclear Plant Unit Nos. 1 and 2. Fees pursuant to 170.22 of the March 23, 1978 regulations were not remitted with your application.

Based on information provided by the ONRR staff as the result of their preliminary review of your application, it has been determined that a Class II (\$1,200) and a Class I (\$400) fee are appropriate for each plant since the changes will be administrative in nature and will involve a duplicate unit. Therefore, you are requested to remit the sum of \$3,200 to this office. If the ONRR staff's final review of your application reveals that these fees are not appropriate, you will be notified and any necessary adjustments will be made.

For your information, a brief discussion of fees for applications for license amendments and other requests filed before and after June 20, 1984, is contained in Enclosure 1 to this letter. If you have any questions regarding fees, you may reach us on 301-492-7225.

Sincerely,

Original Signed by
