San Francisco Power Division  
ATTN: Mr. C. D. Stratton  
Vice President and General Manager  
Post Office Box 3965  
San Francisco, California 94119

Gentlemen:

This is to confirm the telephone conversation on August 20, 1984, by Mr. P. Milano of this office with Mr. E. R. Nelson of your staff, concerning the inspection at the San Francisco Power Division office on August 27-31, 1984.

The inspection will relate to the qualification of concerns expressed in the areas of seismic design of structures, pipe break analysis, and Limerick South Stack blast load calculations.

Your cooperation concerning this matter will be appreciated.

Sincerely,
