SUBJECT: REVIEW OF 1995 REVISIONS TO THE CORPORATE EMERGENCY PLAN

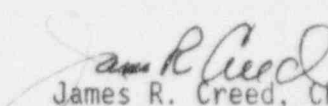

Dear Mr. Watzl:

In September 1995, Region III received revisions to portions of the corporate emergency plan. We have reviewed these revisions and determined that they are acceptable and do not decrease the effectiveness of your emergency planning.

The revisions included clarifications on which personnel could fill certain emergency response positions. The method of activating the corporate emergency organization was described in more detail. Several alternatives were summarized for accomplishing the annual distribution of emergency information to the public and the media. The revised portions of the plan included several other clarifications and editorial changes.

If you have any questions, please have your staff contact Mr. T. Ploski of my staff at (708) 829-9812.

Sincerely,

James R. Creed, Chief
