SUBJECT: REVIEW OF REVISIONS 12 AND 14 TO THE FERMI II PLANT'S EMERGENCY PLAN

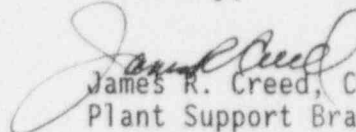

Dear Mr. Gipson:

In March and November 1995, Region III received Revision 12 and 14, respectively, to portions of the Fermi II Plant's Emergency Plan. Revision 13 was cancelled. We have reviewed Revisions 12 and 14 and determined that they are acceptable and do not decrease the effectiveness of your emergency planning.

Revision 12 included updated titles of positions in the site's normal organization, offsite agencies' emergency plans and one offsite emergency response facility. This revision also included several clarifications and editorial changes. Revision 14 contained updated letters of agreement with several offsite support agencies.

If you have any questions, please have your staff contact Mr. T. Ploski of my staff at (708) 829-9812.

Sincerely,

James R. Creed, Chief
Plant Support Branch 1
