

APR 21 1992

Docket No.: 50-293

Serial No. 92-26

Mr. R. A. Anderson
Senior Vice President - Nuclear
Boston Edison Company
Pilgrim Nuclear Power Station
RFD #1, Rocky Hill Road
Plymouth, Massachusetts 02360

Dear Mr. Anderson:

SUBJECT: 10 CFR 50.54(p) SUBMITTAL FOR PILGRIM NUCLEAR POWER STATION

This letter is in response to your correspondence of February 27, 1992, regarding changes to the Pilgrim Nuclear Power Station Physical Security Plan identified as Revision 10.

We have reviewed the changes submitted and have determined that they are consistent with the provisions of 10 CFR 50.54(p) and acceptable for inclusion in the Plan except as follows.

In telephone conversations between Mr. T. Nicholson of your staff and Mr. D. Limroth of USNRC Region I staff, it was agreed that sections 5.1 [2] through 5.1 [5] and 5.1.1, Personnel Screening (pages 25 and 26), would be deleted and a revised section "5.1 [2] All elements of Regulatory Guide 5.66 to satisfy the requirements of 10 CFR 73.56," would be added. This change to the submittal was to eliminate possible misinterpretation of your commitment with respect to the Access Authorization Program. We understand that you will include this change in your next plan revision.

Your cooperation in this matter is appreciated.

The enclosures to your letter contained Safeguards Information of a type specified in 10 CFR 73.21 and are being withheld from public disclosure.
