Serial No.: 92-23

Mr. Harold W. Keiser

Company

Dear Mr. Keiser:

SUBJECT: 10 CFR 50.54(p) SUBMITTAL FOR SUSQUEHANNA STEAM ELECTRIC  
STATION

This letter is in response to your correspondence of February 26, 1992, regarding changes to the Susquehanna Steam Electric Station Physical Security Plan identified as Revision EE.

We have reviewed the changes submitted and have determined that they are consistent with the provisions of 10 CFR 50.54(p) and acceptable for inclusion in the Plan except as follows.

In a telephone conversation between Ms. N. Licini of your Corporate Security Department and Mr. D. Limroth of USNRC Region I staff, it was agreed that you would modify the definition of Psychological Evaluation (pg. vi (EE)) by deleting the phrase "or physician or other person professionally trained to identify emotional instability." This modification is necessary to bring your Plan into agreement with Regulatory Guide 5.66 (June 1991). We understand that you will include this change in your next plan revision.

Your cooperation in this matter is appreciated.

The enclosure to your letter contained Safeguards Information of a type specified in 10 CFR 73.21 and is being withheld from public disclosure.
