Subject: Notification of administrative personnel changes.

Dear Sir/Madam:

This letter is to inform you of changes in facility administrative personnel and also membership of the Reactor Safety Committee which oversees operation and maintenance of Idaho State University's AGN-201M (License No. R-110, Docket 50-284) nuclear reactor. R. David Clovis has accepted another position and has resigned his position as Reactor Supervisor. A search is currently underway to hire a replacement for Mr. Clovis. In the interim, Dr. John S. Bennion will be Acting Reactor Supervisor until such a time as Mr. Clovis' replacement is qualified to assume the position of Reactor Supervisor in compliance with all pertinent technical specification and operating license requirements.

Also, for your information, the current membership roster of the ISU Reactor Safety Committee is as follows:

Frank Just, Chairman
Alan G. Stephens, Reactor Administrator
John S. Bennion, Acting Reactor Supervisor
Thomas F. Gesell, Radiation Safety Officer
Rick Cummings
Frank J. Harmon
Jay F. Kunze
Terry Smith
Mike Vaughn

Please feel free to contact me at (208) 526-4907 or Dr. Bennion at (208) 236-3351 regarding any questions you may have concerning this matter.

Sincerely yours,

Dr. Alan G. Stephens
Reactor Administrator
