Docket No. 50-301

Wisconsin Electric Power Company
ATTN: Mr. James J. Zach
       Vice President
       Nuclear Power
231 West Michigan Street - P379
Milwaukee, WI 53201

Dear Mr. Zach:

This confirms our plans as discussed between Mr. C. J. Maxfield of your staff
and Mr. K. Jury of this office to have a meeting with you and members of your
staff at the Point Beach Nuclear Plant in Two Rivers, Wisconsin on April 30,
1992, at 1:00 p.m. (CDT). The purpose of the meeting is to present the Initial
SALP 9 Report for the Point Beach Nuclear Plant.

We encourage you to have appropriate corporate and plant management
representation at the meeting to ensure a mutual understanding of the
issues and findings being presented by the NRC.

While this meeting is considered a presentation and discussion forum between
Wisconsin Electric Power Company and the NRC, the meeting will be opened to
any other interested parties as observers. Those persons outside the licensee
and NRC staffs should inform the Regional Office of their intent to participate.

We hope this meeting will benefit your organization and provide you with
a meaningful characterization of the overall safety performance for the
Point Beach Nuclear Plant.

Sincerely,

Edward G. Greenman, Director
Division of Reactor Projects
