SUBJECT: WITHDRAWAL OF PROPOSED LICENSE AMENDMENT TO BEAVER VALLEY POWER
STATION, UNIT NO. 2 (TAC NO. M86129)

Dear Mr. Cross

By letter dated April 14, 1993, Duquesne Light Company (DLC) submitted a license amendment request (Change Request No. 75) for Beaver Valley Power Station, Unit No. 2 (BVPS-2). The proposed license amendment would have revised Table Notation (10) of Table 4.3-1 of Technical Specification 4.3.1.1.1 to add a footnote that would have stated: "Complete verification of OPERABILITY of the manual reactor trip switch circuitry shall be performed prior to startup from the first shutdown to Mode 3 occurring after April 6, 1993."

By letter dated December 23, 1993, DLC requested withdrawal of this proposed license amendment since the proposed change was no longer required. BVPS-2 had entered Mode 3 on September 18, 1993, in preparation for its fourth refueling outage and had performed the required surveillance test on November 18, 1993. We have granted DLC's December 23, 1993, request for withdrawal.

The Commission has filed the Notice of Withdrawal of Application for Amendment to Facility Operating License with the Office of the Federal Register for publication.

If you have any questions regarding this matter, please contact me at 301-415-1409.

Sincerely,

/s/
Donald S. Brinkman, Senior Project Manager
