Subject: Detroit Edison Response to NRC Reactor Systems Branch Questions on Fermi 2 Power Up-rate Submittal

Reference 2 provided the NRC Staff with Detroit Edison's proposed License Amendment for Up-rated Power Operation. Reference 3 provided Detroit Edison with the NRC staff's Reactor Systems Branch questions from their review of Reference 2. The purpose of this letter is to provide Detroit Edison's responses to the Reference 3 request.

The Enclosure to this letter provides a question and response format to Reference 3. The Fermi 2 staff would be happy to meet with NRC staff personnel to further discuss our responses, if necessary. Your facilitation of the review for this important license amendment is appreciated.
