Dear Mr. Cook:

Thank you for your letter dated October 27, 1995, in response to our September 12, 1995, letter concerning radwaste operator training which was provided to non-licensed operators at your Clinton facility.

In our letter we requested that you investigate specific concerns related to the adequacy of the noted training and submit the results of your investigation to the NRC. Your response indicated that the concerns were partially substantiated but corrective actions were planned, or were already implemented, to address the substantiated issues.

We found your investigation to be sufficient to support your conclusions and have no additional questions regarding this matter. We request that you retain the supporting documentation for your investigation for a minimum of one year from the date of this letter.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter will be placed in the NRC Public Document Room.

Your cooperation is appreciated.

Sincerely,

Brent Clayton, Chief
